The above matter has reference,

The Wesvaal Chamber of Business is bringing a new initiative called the CEO's Bosberaad which is a chance for all the CEO and management of local business to converge in a networking session. This occasion is purely the Chambers way of ensuring the wellbeing and growth of our members and their businesses.

**About the Bosberaad.**

The Wesvaal Chamber of Business CEO's Bosberaad is a platform in which we will

The Bosberaad's decisions will be implemented by the chamber as a mandate to ensure that objectives and discussions made at the Bosberaad are implemented. The Bosberaad will further provide a climate in which decision makers from various companies can begin to create, exchange and structure business deals and transactions. For example if a CEO from another company requires services of a logistics company, the said person will introduce the deal to the other CEO's present at the Bosberaad and by show of interest from the other party a deal can be structures and signed on.

Every session of the Bosberaad will have a **"Deal Book"**, the deal book is a journal of all the deals, agreements and decisions or mandates that must be implemented. The Bosberaad will rotate on agreement with the proposed host of the month.
